OROL LEDDEN

WE ARE plant-growers and not plant-dealers. Every plant we send out is grown by us on our Sewell Farms. Only first-class plants raised from carefully selected seed will be sent out.

We ship annually thousands of mail orders to all states east of the Mississippi River. The bulk of our orders go into New Jersey, Pennsylvania, New York, Delaware, Maryland, Ohio, Virginia, and the New England States. Our careful packing, insuring good condition of plants, gives our customers the best satisfaction.

We have five large greenhouses heated by hot-water heat for early plants. These houses are devoted to growing pepper, eggplant, and tomato plants. Also, we have 1200 sash for coldframe beds for spotting or raising plants. The greater part of our plants are hardy, field-grown, planted and farmed by machine in 12-inch rows. These field-grown plants are strong and healthy, raised from the highest grade seed, and will give the best satisfaction.

All plants shipped will be carefully packed in moss, in cartons, boxes, or crates and sent by Parcel Post or Express.

We are located in our Stucco Store, on concrete road, opposite Sewell station, 12 miles below Camden on the Pennsylvania-Reading Seashore Lines to Atlantic City.

We welcome customers and friends at our farms and shall be glad to show our plants and seeds. To come by automobile—Camden or Gloucester to Woodbury to Mantua, left 2 miles to Sewell. From South Jersey points, come by way of Glassboro, take Woodbury road, and turn to left at Sewell. Roads are concrete.

Terms

Cash must accompany all orders; otherwise, goods will be shipped C. O. D. Send Check, Postal Money Order, Express Money Order or Registered Letter. You are protected by our safe delivery guarantee.

We guarantee all plants to be grown on our Sewell Farms. We grow and handle plants from the best seed obtainable, and no seed that we know is of poor germination or inferior in any way is allowed to be sold.

The fact being well known that no reputable seedsman now guarantees seeds in any respect renders it unnecessary for us to say very much on this point, because it must be apparent to every intelligent person that no seedsman can afford to send out poor or worthless seeds. There could be no more certain way of destroying his business.

While we exercise the greatest care to have all seeds, plants, and bulbs pure and reliable, we give no warranty, express or implied, as to description, purity, productiveness, variety, or any other matter of any seeds, plants, or bulbs that we send out; and we will not in any way be responsible for the crop. If the purchaser does not accept the goods on these terms, they are to be returned at once and the money paid will be refunded.

All prices quoted in this Catalogue are subject to change without notice.

OROL LEDDEN & SONS

Safe Delivery Guaranteed. All plants and seeds are guaranteed to arrive in first-class condition, and if they do not, mail carrier or expressman should be notified on delivery. If damaged, request him to make notation of damage, sign, and mail to us at once, and more plants or seeds will be forwarded or money refunded.

Orol Ledden & Sons' Seed Store opposite Sewell Station, Sewell, New Jersey

Ledden & Sons' Vegetable Plants

Beet Plants *Plant May 15 to July 1*

Crosby's Egyptian. One of the most popular early Beets, highly desirable for table use. The roots are dark blood-red, globe-shaped, and are very convenient for bunching.

Detroit Dark Red. Deep maroon or blood-red. A second-early variety excellent either for bunching or baskets.

PRICES: Postage prepaid: 20 cts. for 25; 50 cts. per 100; \$1.50 for 500; \$2.50 per 1,000.

Express or Parcel Post, f.o.b. Sewell: \$1.50 per 1,000.

At our farms: 10 cts. for 25; 25 cts. per 100; \$1.50 per 1,000.

Brussels Sprouts

Plant May 10 to August 1

Long Island. Fine, sure-heading type producing dependable crops of firm, shapely little heads of exactly the right size.

Postage prepaid: 20 cts. per doz.; 55 cts. per 100; \$1.50 for 500; \$2.50 per 1,000.

Express or Parcel Post, f.o.b. Sewell: \$1.50 per 1,000.

At our farms: 10 cts. per doz.; 25 cts. per 100; \$1.50 per 1,000.

Brussels Sprouts

Broccoli

Christmas Calabrese. A heavy-producing variety. Set plants in May for early; July and August for late.

Postage prepaid: 25 cts. per doz.; 60 cts. per 100; \$2.00 for 500; \$3.00 per 1,000.

Express or Parcel Post, f.o.b. Sewell: \$2.00 per 1,000; 5,000 or more, \$1.50 per 1,000.

At our farms: 10 cts. per doz.; 30 cts. per 100; \$1.50 per 1,000.

Cauliflower *Plant May 10 to August 1*

Early Snowball. Best of all varieties for market growing because of its resistance to the heat which occurs in early summer.

Postage prepaid: 25 cts. per doz.; 60 cts. per 100; \$2.00 for 500; \$3.50 per 1,000.

Express or Parcel Post, f.o.b. Sewell: \$3.00 per 1,000.

At our farms: 10 cts. per doz.; 30 cts. per 100; \$3.00 per 1,000.

Collards

Georgia or Southern. An excellent green really improved by frost. Plants from large bunches of tender leaves.

Postage prepaid: 20 cts. for 25; 55 cts. per 100; \$1.40 for 500; \$1.85 per 1,000.

Express or Parcel Post, f.o.b. Sewell: \$1.25 per 1,000; 5,000 or more, \$1.00 per 1,000.

At our farms: 10 cts. for 25; 25 cts. per 100; \$1.00 per 1,000.

A partial view of 27 acres of Late Cabbage Plants

Cabbage Plants *Plant May 10 to August 10*

Every year we grow large fields of Cabbage plants for kraut packers and farmers. We have shipped as many as 1,500,000 Cabbage plants in five days. Several sowings are made throughout the season in order to have plants the right age at any time during the season. We make it a point to have as healthy plants as possible and have all the leading varieties. We would advise gardeners to set out Cabbage plants two or three times—early varieties in May, second-early or late in June, late varieties in July.

Golden Acre. This is the most popular early variety. Heads are of good size, perfectly round, solid, and very uniform and compact, having few outer leaves, which permits close planting. We have a very good strain from a reliable grower.

Early Jersey Wakefield. A very early, pointed-head Cabbage, compact and erect, with few outer leaves. Stem short; heads medium-sized.

Charleston Wakefield (Large Wakefield). Similar to Jersey Wakefield except about one week later. Heads larger and not as sharply pointed.

Winnigstadt. A good early variety. Very sharp-pointed heads. Used for early planting and also for planting late in July and August.

Allhead Early. This is a great Cabbage and one of our best sellers. Head hard, slightly oval to flat in shape. One of the most used by kraut packers. We have sold millions of this variety to growers for kraut factories.

Copenhagen Market. An extra-early, good, round-heading, hard Cabbage, about one week later than Golden Acre.

Marion Market (Resistant). The heads are almost round and very solid. Early variety.

Early Summer. An early flat-head variety.

Surehead. Large, popular, flat-head, late variety.

Succession. A second-early with roundish, slightly flat, solid head. Good kraut Cabbage.

Early Flat Dutch. Similar to Late Flat Dutch but earlier and smaller.

Glory of Enkhuizen. Hard-heading, second-early, fine-grained. One of the best for kraut.

Danish Ballhead. Tall stem. A very hardy, sure-heading, heavy variety which has proved to be one of the best keepers. A desirable Cabbage for kraut or keeping.

Danish Roundhead. Short stem. Very good late variety. Heads are not quite as large as the Ballhead. Solid and also a good keeper. A good kraut variety.

Wisconsin Hollander. Late yellows-resistant strain of Danish Ballhead. A good variety for storing or kraut packers.

Late Flat Dutch. Enormous, flat head. Should be planted early in July as it requires a full season to head hard. Best late variety and also best winter keeper.

Perfection Drumhead Savoy. The crumpled-leaf variety, producing large heads. Should be planted in June, July, or August.

Red Rock. Hard-heading red variety.

PRICES: Postage prepaid: 20 cts. for 25; 55 cts. per 100; \$1.40 for 500; \$1.85 per 1,000.

Express or Parcel Post, f.o.b. Sewell: \$1.25 per 1,000; 5,000 lots or more, \$1.00 per 1,000.

At our farms: 10 cts. for 25; 25 cts. per 100; 50 cts. for 500; \$1.00 per 1,000.

The Largest Growers of Celery Plants in New Jersey

Celery Plants *Plant June 15 to August 15*

Ledden Golden Self-blanching. Tall. The most popular and one of the best of all early varieties. For the past few years our stock has produced Celery of unexcelled quality and perfect growth. Everyone should raise this excellent variety. Stalks 26 to 28 inches tall, which blanch readily.

Supreme Golden. New early strain of Golden Self-blanching. Very uniform, strong-growing type.

Golden Self-blanching, Dwarf. Very popular because of its earliness and ease of blanching. Leaf stalks are thick, solid and sweet.

Golden Plume. A self-blanching Celery developed from Golden Self-blanching. Has been pronounced by authorities to be the best early variety. Blanches quickly and is very healthy.

Sanford Easy-blanching. This good variety comes a little later than Golden Self-blanching and requires longer banking to blanch. Vigorous in growth and a splendid keeper.

White Plume. An early Celery with beautiful white leaves in center. Blanches pure white. Liked by some better than Golden Self-blanching.

Giant Pascal. Grows large and is the leading late variety. Stalks are broad, thick, and solid. Extra good eating Celery; very brittle.

Winter King. A strong grower and one of the best keepers. Blanches white when banked.

Emperor or Fordhook. Plants stocky and compact; stems thick, round and of fine quality. Fine for late fall use and winter storage.

CELERIAC (Turnip-Rooted Celery), Large Smooth Prague. Used for the large turnip-rooted bulb. Grown the same as Celery.

Golden Plume Celery

Postage prepaid: 30 cts. for 50; 55 cts. per 100; \$2.00 for 500; \$3.50 per 1,000.

Express or Parcel Post, f.o.b. Sewell: \$3.00 per 1,000.

At our farms: 20 cts. for 50; 30 cts. per 100; \$1.50 for 500; \$3.00 per 1,000; 10,000, \$2.50 per 1,000.

Eggplant

Plant May 15 to June 30

Black Beauty. The leading and best variety. Bears fruit earlier than other sorts. It is very popular because it does not lose its black color.

PULLED SASH-GROWN, ready June 1 to July 15. Postage prepaid: 25 cts. per doz.; 75 cts. per 100; \$3.00 for 500; \$5.00 per 1,000.

FOR TRANSPLANTING TO COLDFRAME: March 25 to May 1. \$3.00 per 1,000, f.o.b. Sewell.

TRANSPLANTED, ready May 20 to July 1, in 4-inch pots, at our greenhouses: 50 cts. per doz.; \$4.00 per 100; \$30.00 per 1,000.

Black Beauty Eggplant

Five Large Greenhouses for Early Plants

Pepper Plants

Plant May 10 to July 20

California Wonder Peppers

World Beater. This great Sweet Pepper wins praise wherever it is grown. The large plants are loaded with enormous Peppers excellent for slicing or filling.

We grew 18 Peppers that filled a basket and took first prize at Granger's Fair at Alcyon Park at Pitman, N. J.

California Wonder. A well-liked variety. Meat very thick and dark green, turning crimson. The heaviest and thickest Pepper on the market today. Highly recommended.

Ruby King. An extra-good variety, earlier than World Beater. Heavy cropper.

Hot Bull Nose. An extra-good, hot, blunt variety. Heavy yielder.

Tomato or Squash Pepper. A round, sweet variety.

Long Red Cayenne. A red-hot variety used for pickling, drying, etc.

PULLED SASH OR FIELD-GROWN

Ready May 20 to July 20

Postage prepaid: 20 cts. per doz.; 60 cts. per 100; \$2.00 for 500; \$3.50 per 1,000.

Express or Parcel Post, f.o.b. Sewell: \$2.50 per 1,000.

At our farms: 10 cts. per doz.; 30 cts. per 100; \$2.50 per 1,000.

PLANTS FOR TRANSPLANTING INTO COLDFRAME

Ready March 25 to April 25, f.o.b. Sewell: \$2.50 per 1,000.

Lettuce Plants

Plant May 15 to June 15

Big Boston. Very large, compact heads of light green leaves lightly bronzed at edges. Popular, early variety.

Iceberg. Medium size, crisp, compact heads with creamy hearts. Large, crumpled, medium green leaves with wavy edges.

Postage prepaid: 20 cts. for 25; 50 cts. per 100; \$1.35 for 500; \$2.00 per 1,000.

At our farms: 10 cts. for 25; 25 cts. per 100; \$1.00 for 500; \$1.50 per 1,000.

Sweet Potato Plants

May 1 to June 20

Yellow, Red, and Yams. Parcel Post prepaid: 55 cts. per 100; \$2.00 for 500; \$3.50 per 1,000. By Express or Parcel Post, f.o.b. Sewell: \$3.00 per 1,000.

Big Boston Lettuce

Tomato Plants *Plant May 1 to July 30*

Tomato plants are our greatest specialty, and we believe we are the largest growers of Tomato plants in the United States. Canneries and large growers in New York, Pennsylvania, New Jersey, Delaware, Maryland, Virginia, West Virginia, Ohio, Indiana, and Illinois obtain their plants from us every year. We have had single orders for a million plants and many unsolicited testimonials say, "Your plants were good and the Tomatoes produced from them were the best received at the factory."

Our plants are grown from seed treated with Semesan, and we give quick service when plants are right size.

Certified Marglobe. The leading variety and used as the main crop by almost all large growers. Seventy per cent of our sales on Tomato seed is the Marglobe. A second-early, solid, very meaty, thick red Tomato, that ripens well up to the stem, making it very desirable for canning or table use. Heavy yielder. All of our Marglobe plants are grown from New Jersey State Certified Seed.

Rutgers. This new introduction by Lyman G. Schermerhorn, of the New Jersey Agricultural Experiment Station, is a leading development in Tomatoes. It compares in shape and size with the Marglobe but is slightly earlier and a heavier yielder. The fruit ripens a deep red up to the stem, and runs very uniform in size. An excellent variety for home use, marketing, or canning. Cannerymen who put up Tomato Juice speak very highly of the variety as it produces a juice which is deep red in color.

Pritchard (Scarlet Topper). This variety was introduced by Dr. Frederick J. Pritchard, of the U. S. Department of Agriculture. A heavy-yielding variety, about 10 days earlier than Marglobe. Vines are not as rugged as Marglobe and do not hold up throughout the season.

Greater Baltimore. An extra-good main-crop red Tomato.

Matchless. Large, extra-good market sort. A good Tomato for factories that pack whole Tomatoes, or good for market. Tomatoes are large, solid, and red.

New Stone. An extra-good heavy Tomato for canning or slicing.

Bonny Best. Second-early variety that is liked by cannerymen that grind their Tomatoes for soups or catsups, as the fruits ripen to the stem and also have a beautiful red color when ground. Tomatoes grow in clusters.

Ponderosa. A large purple Tomato, used in gardens.

Acme. Early purple Tomato.

Yellow Plum. Used for preserving.

TOMATO PLANTS FOR TRANSPLANTING INTO COLDFRAMES, ready March 20 to April 20—Earliana, Marglobe, Rutgers, and Pritchard (Scarlet Topper), \$2.50 per 1,000 f.o.b. Sewell.

FIELD-GROWN TOMATO PLANTS always give the best satisfaction. Ready May 25 to July 15. Parcel Post or Express prepaid: 20 cts. for 25; 60 cts. per 100; \$1.50 for 500; \$2.00 per 1,000. Express or Parcel Post, f.o.b. Sewell: 25 cts. per 100; \$1.25 per 1,000.

TRANSPLANTED (with block of dirt) TOMATO PLANTS, ready about May 10—Earliana, Rutgers and Marglobe, at our greenhouses, 50 cts. per doz.; \$3.00 per 100; \$25.00 per 1,000. These do not carry well by Parcel Post or Express, but can be carried in baskets by auto or truck.

Pulling Tomato Plants

Asparagus Growing for Roots

Asparagus Roots *Plant March to April*

One or two years are saved by planting roots. A bed 12 x 40 feet requires 100 roots, which would supply a family; 5,000 roots to an acre in 4-foot rows.

Mary Washington. The best and leading variety. Extra-strong 2-yr. roots, postage prepaid: 75 cts. for 50; \$1.25 per 100; \$8.00 per 1,000.

Express or Parcel Post, f.o.b. Sewell: 85 cts. per 100; \$7.00 per 1,000.

Special prices on larger quantities.

Rhubarb Roots *Plant March and April*

Victoria. An extra-good market sort with large, beautiful red and reddish green stalks. Extra-large roots, postage prepaid: \$1.25 per doz.; \$8.00 per 100.

Express, f.o.b. Sewell: \$40.00 per 1,000.

At our farms: 60 cts. per doz.; \$4.00 per 100; \$30.00 per 1,000.

A Parcel Post Shipment of Our Plants

A field of Tomatoes on our Crosskey Farm

Vegetable Seeds

We list 200 of the leading and best varieties of seeds and take greatest care to secure only the best strains. Our seeds are grown especially for us by the most reliable growers in various parts of the world, so that it may be produced in the section that is best suited for the variety. For example, our Lima Beans are grown in California; Beans, in Idaho; Cantaloupe, in Colorado; Corn, in Connecticut; Spinach, in Holland; Onion sets, in Illinois, etc. Contracts with growers are placed twelve to eighteen months before the seed is to be delivered or before the seed-grower plants the seed stock. This is done to secure only fresh and highest quality seeds for our customers.

Orol Ledden, Sr., who has devoted thirty-three years to the seed business and has been a plant-grower all his life, probably is better acquainted with the farming industry and the gardener's problems than any other man in the seed business today. We say this because he was born and reared on a large farm in Gloucester County, New Jersey; his father was a farmer and grew plants and seeds. He owns and operates two large farms and other farmland totaling about 300 acres. He has experimented with all of the varieties of vegetable seeds listed in this book and has grown them on a commercial scale. He is therefore well acquainted with their individual characteristics.

We endeavor at all times to secure the highest quality seeds obtainable and to offer these high standard seeds at minimum prices. No seed is allowed to be sold that we know is poor in germination or in any way inferior.

Prices quoted on Beans, Corn, Onion Sets, and Peas include postage or express charges prepaid on quantities up to 15 pounds. Quarter bushels or more of seeds mentioned are quoted f.o.b. Sewell, N. J. On all other seeds, postage, express, or freight charges are prepaid by us to your address. This enables our many mail-order customers to secure Ledden's Seeds at no extra cost. No charge is made for packing or package.

Half-ounce sold at ounce rate; 1/2 pound sold at pound rate; 1/4 or 1/2 bushel sold at bushel rate.

Artichoke

Large Green Globe. The best variety. Treat like tomatoes, sowing the seed indoors and setting the plants 2 to 3 feet apart, in April or May. Pkg. 10 cts.; oz. 40 cts.; 1/4 lb. \$1.25; lb. \$4.00.

Asparagus *Sow in March and April*

Mary Washington. The best variety of Asparagus. It is a selected strain, earlier and more vigorous than other varieties, producing fat, delicious stalks abundantly and regularly. This is the famous rustproof variety produced after many years' effort, and is completely free from rust and other fungous diseases which harass the life of many Asparagus growers. Quality is of the highest. Oz. 10 cts.; 1/4 lb. 25 cts.; lb. 75 cts.; 5 lbs., 70 cts. per lb.

Beans, Green-Pod *Plant April 15 to August 15*

- Bountiful.** Extra early. Large, flat pods, entirely stringless. Enormous yielder. The most popular market variety. Highly recommended. Requires 48 days from sowing to date of maturity. Lb. 25 cts.; 5 lbs., 20 cts. per lb.; 10 lbs., 18 cts. per lb.; bus. (60 lbs.) \$6.60.
- Giant Stringless.** Long, round pod, entirely stringless. Requires 54 days from sowing to date of maturity. Lb. 25 cts.; 5 lbs., 20 cts. per lb.; 10 lbs., 18 cts. per lb.; bus. (60 lbs.) \$6.60.
- Plentiful.** A new introduction. Flat, medium-green pods, 6 to 7 inches long. A very good yielder of perfectly stringless Beans. Black-seeded. Bronze Medal, 1938. Lb. 35 cts.; 5 lbs., 32 cts. per lb.; 10 lbs., 30 cts. per lb.; bus. (60 lbs.) \$12.00.
- Burpee Stringless.** Round-podded, stringless variety. Good yielder. Requires 53 days from sowing to date of maturity. Lb. 25 cts.; 5 lbs., 20 cts. per lb.; 10 lbs., 18 cts. per lb.; bus. (60 lbs.) \$6.60.
- Stringless Black Valentine.** Very early. Pods are long, smooth, straight, and round. A recent introduction, completely stringless, and a big improvement over the old type. Requires 50 days from sowing to date of maturity. Lb. 25 cts.; 5 lbs., 20 cts. per lb.; 10 lbs., 18 cts. per lb.; bus. (60 lbs.) \$6.60.
- Tendergreen.** Long, green, straight pods and perfectly round. Requires 54 days from sowing to date of maturity. Lb. 25 cts.; 5 lbs., 20 cts. per lb.; 10 lbs., 18 cts. per lb.; bus. (60 lbs.) \$6.60.
- Full Measure.** Second early. Round pod, perfectly stringless. Requires 60 days from sowing to date of maturity. Lb. 25 cts.; 5 lbs., 20 cts. per lb.; 10 lbs., 18 cts. per lb.; bus. (60 lbs.) \$6.60.
- Dwarf Horticulture.** Beans and pod splashed with carmine, stringless. Large and heavy yielder. Used as a Snap Bean when young, or shelled. Requires 60 days from sowing to date of maturity. Lb. 25 cts.; 5 lbs., 20 cts. per lb.; 10 lbs., 18 cts. per lb.; bus. (60 lbs.) \$7.20.
- French Horticulture.** Large pods, heavily splashed with carmine. Vines large, heavy yielders. Used for shelling. Requires 66 days from sowing to maturity. Lb. 25 cts.; 5 lbs., 20 cts. per lb.; 10 lbs., 18 cts. per lb.; bus. (60 lbs.) \$9.00.
- Fava Early Long-Pod.** Early. An Italian Shell Bean with thick pods. Plant early. Lb. 25c.; 5 lbs., 20c. per lb.; 10 lbs., 18c. per lb.; bus. (60 lbs.) \$7.80.

Bountiful Beans

Wax-Pod Beans

Plant April 15 to August 15

	Lb.	5 lbs. per lb.	10 lbs. per lb.	Bus. of 60 lbs.
Currie's Rustproof. Early. Flat pods. Very heavy cropper. Requires 52 days to mature	\$0 25	\$0 20	\$0 18	\$7 20

Round-Pod Kidney Wax or Brittle Wax. A good table variety. Pods round and thick waxy light yellow	25	20	18	7 20

Fordhook Bush Lima Beans

Bush Lima Beans (California-grown)

Sow from May 1 to July 15

- Fordhook.** We have a reputation for handling a better grade of Fordhook Bush Limas than most seed-houses. Our Beans are all hand-sorted, extra large, good croppers, and almost free from cracked Beans. We supply a number of the largest growers, some of whom plant as many as 40 acres of Fordhook Bush Limas, and have been buying their seed supplies from us for thirty years. Especially grown for a leading grower who specializes in this variety. Requires 76 days from sowing to date of maturity. Lb. 30 cts.; 5 lbs., 25 cts. per lb.; 10 lbs. or more, 20 cts. per lb.; bus. (60 lbs.) \$9.00.
- Burpee's Improved.** A flat-pod Lima, which has steadily advanced in popularity for both home-growing and market use. It bears uniformly larger pods than the original Burpee's Bush Lima, which contain even thicker Beans that remain green after they become dry. The compact, bushy plants are very prolific, bearing huge pods in clusters of 5 to 7, averaging 5 inches long or more, with 6 large, flat Beans which are thin-skinned and have a delicious flavor. Matures in 75 days from sowing. Lb. 30 cts.; 5 lbs., 25 cts. per lb.; 10 lbs. or more, 20 cts. per lb.; bus. (60 lbs.) \$9.00.
- Henderson's Bush Lima.** A fine Baby Lima with productive bushes 20 inches tall. Each pod contains 3 or 4 small white Beans. Lb. 30 cts.; 5 lbs., 25 cts. per lb.; 10 lbs., 20 cts. per lb.; bus. (60 lbs.) \$9.00.

Pole Lima Beans Sow from May 1 to July 1

- Improved Pole Lima or Challenger.** Very productive vines, bearing pods 4 inches long containing 4 or 5 large, meaty Beans. Matures in 89 days. Lb. 30 cts.; 5 lbs., 25 cts. per lb.; 10 lbs., 22 cts. per lb.; bus. (60 lbs.) \$12.00.
- King of the Garden Lima.** Strong-growing vines bearing large pods with handsome, delicious Beans loosely packed. Matures in 84 days. Lb. 30 cts.; 5 lbs., 25 cts. per lb.; 10 lbs., 22 cts. per lb.; bus. (60 lbs.) \$12.00.
- Green-seeded Pole Lima.** Popular variety, bearing bunches of long pods with 4 or 5 thick green Beans of high quality. Matures in 84 days. Lb. 30 cts.; 5 lbs., 25 cts. per lb.; 10 lbs., 22 cts. per lb.; bus. (60 lbs.) \$12.00.

Pole or Running Bean Sow April 15 to July 15

- Kentucky Wonder.** Green pod. Vigorous vines with huge bunches of green pods 7 to 9 inches long. Excellent for table when young. Very prolific. Ready in 68 days from sowing. Lb. 25 cts.; 5 lbs., 20 cts. per lb.; 10 lbs., 18 cts. per lb.; bus. (60 lbs.) \$10.20.

Golden Cluster Wax. A good Bean for snap or shelling. Pods flat, waxy yellow. Lb. 25 cts. 5 lbs., 20 cts. per lb.; 10 lbs., 18 cts. per lb.; bus. (60 lbs.) \$10.20.

Broccoli Sow April to July 1

- Italian Green Sprouting (Calabrese).** It forms a large head of bluish green flowers. When the central head is removed, the plant develops numerous lateral sprouts in a small head. . . \$0 10 \$0 30 \$1 00 \$3 00
- Christmas Calabrese.** More popular each season. Develops a central head like cauliflower, which is cut and used. Sprouts can be cut from the lateral branches until October. 10 30 1 00 3 00
- Rapa.** Produces small green heads which are cut and bunched the same as sprouting Broccoli 10 20 50 1 50

Brussels Sprouts Sow April and May

- Long Island Improved.** Choice, selected variety very popular in markets, always fetching a good price. Compact growth, producing an abundance of solid, well-flavored Sprouts. . . . \$0 10 \$0 25 \$0 75 \$2 5

Stowell's Evergreen Corn

Sweet Corn *Plant April 1 to July 15*

Golden Bantam. The most popular variety now in commerce. It develops extra early. Small stalks. Easy growing. Good for garden use. Very sweet. Matures in 70 days from sowing.	Lb.	5 lbs. per lb.	10 lbs. per lb.	50 lbs.
	\$0 25	\$0 20	\$0 18	\$7 50
Golden Cross Bantam. The leading variety of yellow hybrid Sweet Corn. It is very productive, has good appearance and quality. Ears 7 to 8 inches long; stalk 5 to 6 feet. An excellent hybrid in uniformity, quality, and high yield. Resistant to Stewart's wilt disease. Matures in 86 days.	35	32	30	12 50
Improved Golden Giant. Large ears with 12 to 14 rows of thick, golden yellow kernels. Matures in 78 days from sowing.	25	20	18	7 50
Span Cross or Spanish Gold Top Cross. An earlier variety than Golden Cross Bantam. Produces a big yield of golden yellow ears 7 to 8 inches long. Matures in 79 days.	35	32	30	12 50
Mar Cross. One of the earliest of the hybrids. Matures in 73 days. Height of stalk 5 feet; ears 5 to 6 inches.	35	32	30	12 50
Adams Extra Early. An early white Corn of excellent quality. Although the ears are small, it is a heavy producer.	25	20	17	7 00
Howling Mob. An early Sweet Corn. Good yielder. Most stalks bear two ears. Excellent for table or market. We recommend it. Matures in 78 days from sowing.	25	20	18	7 50
Early Evergreen. An early strain of the popular Evergreen. The ears are a trifle smaller.	25	20	18	7 50
Stowell's Evergreen. Late or main-crop, standard variety. Ears large, deep-grained. We have an extra-good strain of the true Evergreen. Matures in 92 days from sowing.	25	20	18	7 50
Long Island Beauty. Large, well-filled ears of excellent quality. Fine for marketing late in the season. Matures in 95 days.	25	20	18	7 50
Bantam Evergreen. Combines the good qualities of Golden Bantam and Stowell's Evergreen. Matures in 90 days.	25	20	18	7 50
Vanguard. An early Sweet Corn of good table quality. Matures in about 68 days from sowing.	25	20	18	7 50
Country Gentleman or Improved Shoe-Peg. Matures in 88 days from sowing.	25	20	18	7 50
Golden Colonel. The golden Country Gentleman variety.	25	20	18	7 50
Black Mexican. Black-seeded, sweet-flavored sort.	25	20	18	7 50

Pop-Corn *Plant April 1 to July 1*

Golden Queen Pop-corn. Very popular. Yellow kernels, creamy white when popped. Matures rather late.	Lb.	5 lbs. per lb.
	\$0 20	\$0 18
White Rice Pop-corn. Very productive variety with large, well-filled ears which make delicious popped Corn.	20	18

Field Corn *Plant in May*

Early Leaming. A good early sort that will come in about 90 days. Good for sandy ground or late planting.	Lb.	Bus. (56 lbs.)
	\$0 10	\$3 00
Golden Dent. Golden yellow. Heavy cropper. Saved from selected ears. No farmer will make a mistake in planting this Corn. We have taken great care in selecting this seed. Matures in 110 days.	10	3 00
Lancaster County Surecrop. Ears about 14 inches long, with 14 rows of kernels. Matures in about 100 days.	10	3 00

Sandwich Island. Delicious root-crop with flavor like oysters.....	\$0 20	\$0 65	\$2 00

Sweet Marjoram Sow in May

	Pkg.	Oz.	¼lb.	Lb.
Popular pot-herb. Leaves and stems used for flavoring.....	\$0 05	\$0 25	\$0 75	\$2 50

Largest Growers and Shippers of Vegetable Seeds in New Jersey

Cocozelle Squash

Squash, Summer Varieties Sow April 1 to July 20

	Oz.	¼lb.	Lb.	5 lbs. per lb.
White Bush or Pattypan. Scalloped; greenish white. Excellent quality for home use	\$0 10	\$0 30	\$0 90	\$0 80
Long Cocozelle. Elongated; green. Squash are best when 8 to 10 inches long and when fried are superior to eggplant. Hardy grower. Can be planted earlier than White Bush	10	35	1 00	90
Yellow Summer Crookneck. Much used for home-garden purposes. Attractive in color and appearance; for culinary purposes	10	35	1 00	90
Giant Summer Straightneck. The straightneck variety, deep orange in color, and fruit intensely warted	10	35	1 00	90
Green-tinted White Bush Scallop. Similar to Pattypan, except the vegetable has a greenish tint which it retains until maturity	10	35	1 00	90
Table Queen or Acorn. Winter or running variety. Small, about 6 to 8 inches long, 3 inches in diameter. Color deep green to orange. A good keeper	10	35	1 00	90
Zucchini Black. Similar in all respects to Cocozelle except shorter. Skin darker, 6 to 8 inches long, 3 inches in diameter.	10	35	1 00	90

Squash, Winter Varieties

Sow June 1 to July 15

- Boston Marrow.** Fall and winter variety. Grows medium size to large; orange color; salmon-yellow flesh, fine-grained and of excellent flavor. Grown more than any other. Oz. 10 cts.; ¼lb. 15 cts.; lb. 40 cts.
- Golden Hubbard.** Medium size, smaller than Boston Marrow; somewhat warted; golden yellow. An extra-good keeper. Oz. 10 cts.; ¼lb. 25 cts.; lb. 85 cts.
- Green Hubbard.** Similar to Golden Hubbard but rind is dark green. Extra-good keeper. Oz. 10 cts.; ¼lb. 25 cts.; lb. 85 cts.
- Blue Hubbard.** A large Squash of the Hubbard shape but the color is gray. The shell is hard; a very good keeper. Oz. 10 cts.; ¼lb. 25 cts.; lb. 85 cts.

Sweet Basil

Herb whose sweet-scented leaves are used for seasoning soups and stews. Pkg. 5 cts.; oz. 20 cts.; ¼lb. 60 cts.; lb. \$1.50.

Swiss Chard or Spinach Beet

Sow March to June

- Dark Green.** Straight leaves, tender and crisp. Oz. 10 cts.; ¼lb. 25 cts.; lb. 75 cts.
- Lucullus.** Curly leaves; very tasty. Oz. 10 cts.; ¼lb. 25 cts.; lb. 75 cts.

Lucullus Swiss Chard

Marglobe Tomato

Tomato

Sow in greenhouses in February; in open from April 15 to May 30

We make large sales of Tomato seed. Tomatoes from our seed have been grown in every state east of the Mississippi River during the past 30 years. We have hundreds of testimonials from satisfied customers. For description of varieties not given below, see Tomato Plants. Special prices to canners and plant growers.

	Pkg.	Oz.	¼lb.	Lb.
Earliana. Penn State Strain. Used only for early.....	\$0 10	\$0 25	\$0 75	\$2 50
Rutgers. State of New Jersey Certified Seed.....	10	30	1 00	3 00
Pritchard (Scarlet Topper). State of New Jersey Certified Seed	10	30	1 00	3 00
Bonny Best.....	10	25	75	2 50
Certified Marglobe. State of New Jersey Certified Seed.....	10	30	1 00	3 00
New Stone. One of the best and most profitable.....	10	25	75	2 50

Ponderosa. Large; purple. Magnificent in size and weight....	10	35	1 00	4 00
Red Plum. Small, oval shape, and delicious.....	10	35	1 00	4 00
Acme. An early purple variety, and a great favorite.....	10	25	75	2 50
Yellow Ponderosa. Striking color. Large yellow variety.....	10	35	1 00	4 00

For description of above varieties, see Tomato Plants on page 6

Thyme Sow May or June

	Pkg.	Oz.	¼lb.	Lb.
French Broadleaf. Aromatic herb used for flavoring.....	\$0 05	\$0 30	\$1 00	\$3 00

Postage prepaid on Ledden's Seeds to your address except on Beans, Corn, Onion Sets, and Peas in lots of quarter bushel or more

Turnip

Sow March or April for spring crop;
July or August for fall crop

Aberdeen Green-Top Yellow Globe.
A medium-sized root, rather late-maturing. Fine pale yellow, globe-shaped, with a short green crown. Oz. 10 cts.; ¼lb. 20 cts.; lb. 50 cts.

Aberdeen Purple-Top Yellow Globe.
Similar to Green-Top Yellow Globe, except that the crown is purple. Oz. 10 cts.; ¼lb. 20 cts.; lb. 50 cts.

Golden Ball. An excellent golden yellow, ball-shaped Turnip which does not grow very large. Oz. 10 cts.; ¼lb. 20 cts.; lb. 50 cts.

Mammoth Purple-Top White Globe. Large, globe-shaped Turnip with a purple crown and the rest pure white. This is the most popular of all Turnips and the quickest grower. This is much used for broadcasting in corn or with grass. Oz. 10 cts.; ¼lb. 20 cts.; lb. 50 cts.

Shogoin or Japanese Foliage. Serves a dual purpose. The long, strap-shaped leaves are used as "greens," and the white globe-shaped root for cooking. Very resistant to blights and pests of all kinds. Oz. 10 cts.; ¼lb. 20 cts.; lb. 50 cts.

Seven-Top. The abundant tops are used for greens in the manner of spinach, making a delicious dish, while the roots may be cooked as ordinary Turnips. Oz. 10 cts.; ¼lb. 20 cts.; lb. 50 cts.

Mammoth Purple-Top White Globe Turnip

Rutabaga Sow July and August

Improved American Purple-Top. Flesh deep yellow; purple top; excellent flavor. Rapid grower. The best variety for market or table use. Should be sown in rows and farmed.....	Oz.	¼lb.	Lb.
	\$0 10	\$0 20	\$0 65
Canadian Gem. Yellow. Purple top. Drought-resistant.....	10	20	65

Watermelon Plant in May and June

Stone Mountain. A good popular melon for market or for home use. Large, almost round; dark green rind; solid scarlet flesh. Early for its size.....	10	25	75
Improved Kleckley Sweet. Oblong; medium size; dark green with bright red flesh, sweet and delicious.....	10	25	75
Dixie Queen. A new variety becoming quite popular. Fruits oblong or nearly round, fair size, light green, striped and blotched with dark green. Flesh rich scarlet, extremely sweet with very few seeds.....	15	40	1 25
Tom Watson. Large green-rind melon. A good shipper, highly recommended.....	10	25	75
Shaker Blue. A dark green, round melon. Good shipper.....	10	25	75
Excel. Large, dark green melon. Tough rind. Good flavor.....	10	25	75
Black Boulder. Mammoth, oval-shaped melon with almost black rind. An extra good shipper.....	10	25	75
Long White Icing. White-rind variety; sweet and delicious.....	10	25	75
Preserving Citron. Used for preserving. Red seed.....	10	25	75

Lawn Grass Mixtures

Ledden's Clover Lawn Grass. An extra-good Mixture that contains a large percentage of recleaned white clover and highest grade grasses.....	Lb. 20 lbs.	
	\$0 35	\$6 00
Evergreen Lawn Grass. This is our own Mixture in which we use only recleaned, high-grade grasses and white Dutch clover.....	30	5 00
Shady Lawn. Special mixed for shady places	35	6 00

Clover and Grass Seeds FANCY RECLEAVED

For Hay and Permanent Pasture

Kentucky Blue Grass. The leading variety of grass used in lawn mixtures and in permanent pastures. It thrives in dry soil and holds its verdure during the hottest weather. Especially valuable in pasture mixtures as it starts early in the spring and furnishes good grazing until late in the fall. For pasture sow 30 pounds to the acre; for lawns, 50 pounds to the acre. Lb. 25 cts.; 10 lbs. \$2.00; 25 lbs. \$4.50; 100 lbs. \$16.00, delivered. 100 lbs. \$15.00, F.O.B. Sewell, N. J.

Blue Grass, Canadian. Used in permanent pasture mixtures. Will thrive in any soil. Lb. 35 cts.; 10 lbs. \$3.00; 25 lbs. \$6.50; 100 lbs. \$24.00, delivered. 100 lbs. \$22.50, F.O.B. Sewell.

Bent Grass, Seaside. Hardy creeping variety forming an ideal turf. Does well in moist soils. Grows fast and adapts itself to almost any soil. Excellent for fine lawns and for putting greens. Lb. 90 cts.; 10 lbs. \$8.00; 100 lbs. \$75.00, delivered.

Bent Grass, Colonial. This variety differs from the Seaside in that it spreads from underground rootstalks. Gives a good dense sod of pleasant green color. Lb. 90 cts.; 10 lbs. \$8.00; 100 lbs. \$75.00, delivered.

Bent Grass, Creeping. For lawns, putting greens, tennis-courts. It is of rapid growth and forms a strong turf. Lb. 90 cts.; 10 lbs. \$8.00; 100 lbs. \$75.00, delivered.

Fescue, Chewing's. Recommended for fine lawns. It resists drought well, gives good results under trees, and succeeds on sandy soil. Sow 30 pounds to the acre. Lb. 90 cts.; 10 lbs. \$8.00; 100 lbs. \$75.00, delivered.

Fescue, Meadow, or English Blue. Used in permanent pasture mixtures. Lb. 25 cts.; 10 lbs. \$2.00; 100 lbs. \$18.00, delivered.

Fescue, Sheep. Used in sowing sheep pastures. Lb. 55 cts.; 10 lbs. 50 cts.; 100 lbs. \$45.00, delivered.

Orchard Grass. One of the earliest and most desirable varieties of grasses for the sowing of pastures. Lb. 30 cts.; 10 lbs. \$2.70; 100 lbs. \$25.00, delivered.

Red-Top or Herd Grass, Fancy Recleaned. One of the leading varieties used in the sowing of pastures and lawns. Will thrive well in any soil. Recommended for land that will not grow blue grass. Lb. 25 cts.; 10 lbs. \$2.00; 25 lbs. \$4.50; 100 lbs. \$16.00, delivered.

Red-Top or Herd Grass, Unhulled. Lb. 22 cts.; 10 lbs. \$1.80; 25 lbs. \$3.75; 100 lbs. \$14.00, delivered.

Rye Grass, Perennial. A permanent grass used for pastures or meadows. Lb. 25 cts.; 10 lbs. \$2.00; 100 lbs. \$15.00, delivered.

Rye Grass, Italian. Used for lawns. Makes quick growth. Lb. 20 cts.; 10 lbs. \$1.50; 100 lbs. \$12.00, delivered.

Rye Grass, Domestic. Annual grass used for pasture and lawn. Grows well in almost any soil. Lb. 20 cts.; 10 lbs. \$1.50; 100 lbs. \$12.00, delivered.

Poa trivialis. The leading variety of grass used for sowing of shady lawns. Used in almost all mixtures of shady lawn grass seed mixtures. Lb. 55 cts.; 10 lbs. \$5.00; 100 lbs. \$45.00, delivered.

Sudan Grass. An annual grass, growing 3 to 5 feet high, sown as an emergency pasture and hay crop. It is also used as a silage crop and is a very good soil-building crop. The hay is equal in feeding value to that of timothy or millet. Excellent for sowing in combination with soy beans. Close drilled or broadcast, 25 to 35 pounds per acre. Lb. 10 cts.; 10 lbs. 80 cts.; 25 lbs. \$1.75; 100 lbs. \$6.00, delivered. 100 lbs. \$5.00, F.O.B. Sewell, N. J.

Timothy. The most valuable of all hay grasses. Sow in the fall or spring and use either straight or in mixtures of clover for hay. Produces heavy crops and has remarkable vitality under all sorts of conditions of moisture and temperature. Very resistant to cold and stands a heavy coat of snow of long duration. Lb. 15 cts.; 10 lbs. \$1.00; bus. (45 lbs.) \$3.75, delivered. Bus. \$3.00, F.O.B. Sewell, N. J.

Permanent Pasture Mixtures. For highland sowing for permanent cattle pasture. Lb. 25 cts.; 10 lbs. \$2.00; 25 lbs. or more, 17 cts. per lb., delivered.

Permanent Pasture Mixtures. For lowland sowing for permanent cattle pasture. Lb. 25 cts.; 10 lbs. \$2.00; 25 lbs. or more, 17 cts. per lb., delivered.

Clovers, Seed Grains, Etc.

Alfalfa, Northwestern, U. S. Verified Origin. Alfalfa is the most valuable forage crop. It is a legume and will succeed on any good loamy soil but the land must be well prepared for best results. Alfalfa should always be cut when it is just commencing to bloom. Northwestern, U. S. Verified is grown in Montana, Idaho, the Dakotas, and Nebraska. Lb. 40 cts.; 10 lbs. \$3.70; bus. (60 lbs.) \$21.00, delivered. Bus. \$20.00, F.O.B. Sewell, N. J.

Alfalfa, Kansas, U. S. Verified Origin. Seed grown in Kansas. Lb. 40 cts.; 10 lbs. \$3.70; bus. (60 lbs.) \$20.00, delivered. Bus. \$19.20, F.O.B. Sewell, N. J.

Alfalfa, Grimm Verified. The Alfalfa with a variegated flower. It has a wide-spreading root system rather than the long tap-root characteristic of common Alfalfa. Grimm is the most hardy variety of Alfalfa, having a reputation for ability to survive severe winters. Lb. 45 cts.; 10 lbs. \$4.00; bus. (60 lbs.) \$22.00, delivered. Bus. \$21.00, F.O.B. Sewell, N. J.

Crimson Clover

Red Clover, Medium. Regarded as the most valuable farm crop. Used extensively for hay and pasturage and is also valuable as a soil-builder. It is a biennial or short-lived perennial and grows 1 to 2 feet high. Lb. 35 cts.; 10 lbs. \$3.00; bus. (60 lbs.) \$16.00, delivered. Bus. \$15.00, F.O.B. Sewell, N. J.

Red Clover, Mammoth. This distinct variety of Red Clover is a little better adapted to poor and acid soils, although it must be understood that even Mammoth cannot be expected to do well on strongly acid soils. A serious disadvantage of Mammoth is that it cannot be expected to make much second growth or renew growth after the first cutting. Lb. 35 cts.; 10 lbs. \$3.00; bus. (60 lbs.) \$17.40, delivered. Bus. \$16.50, F.O.B. Sewell, N. J.

Alsike Clover. A very valuable variety which resembles Red Clover in growth and habit. A hardy Clover resisting extremes of heat and cold to a remarkable extent. Thrives equally well in wet or dry soils. A valuable Clover to be used in sowing for mixed hay with Medium Red Clover and timothy. Lb. 30 cts.; 10 lbs. \$2.50; bus. (60 lbs.) \$14.40, delivered. Bus. \$13.20, F.O.B. Sewell, N. J.

Sweet Clover, White Blossom. Biennial. Used as a soil-builder. If plowed under it adds humus and nitrogen to the soil. The plant makes a rank growth. It is used some for pasture but very little for hay. Lb. 20 cts.; 10 lbs. \$1.50; bus. (60 lbs.) \$7.00, delivered. Bus. \$6.30, F.O.B. Sewell, N. J.

White Dutch Clover. Largely used in the sowing of lawns and in permanent pasture mixtures. Makes a small, compact, close growth. Lb. 60 cts.; 10 lbs. \$5.50; bus. (60 lbs.) \$30.00, delivered. Bus. \$28.50, F.O.B. Sewell, N. J.

Crimson Clover. An annual Clover of strong growth, providing a good crop of forage for plowing under. It should be sowed in July, August, or early September and plowed about the time it blooms. Lb. 20 cts.; 10 lbs. \$1.50; bus. (60 lbs.) \$9.30, delivered. Bus. \$8.70, F.O.B. Sewell, N. J.

Lespedeza, Korean. An annual legume used as a cover-crop and also for feeding purposes. Used on a large scale in the South but has not proved fully satisfactory in the northern states. Lb. 20 cts.; 10 lbs. \$1.30; 100 lbs. \$12.00, delivered. 100 lbs. \$10.00, F.O.B. Sewell, N. J.

Millet, Golden. Used for quick hay or pasturage. The Golden variety is used in Pennsylvania and New Jersey extensively. Lb. 10 cts.; 10 lbs. 75 cts.; 100 lbs. \$5.50, delivered. 100 lbs. \$4.50, F.O.B. Sewell, N. J.

Millet, Hungarian. Growing characteristics largely similar to the Golden variety but more popular farther north, particularly in New York and New England. Lb. 10 cts.; 10 lbs. 75 cts.; 100 lbs. \$7.00, delivered. 100 lbs. \$6.00, F.O.B. Sewell, N. J.

Largest Growers and Shippers of Vegetable Plants in New Jersey

- Barley, Six-rowed.** A stiff-strawed, heavy-yielding, six-rowed bearded variety. It is superior to other sorts in rust-resistance and stiffness of straw. Bus. (48 lbs.) \$1.50, F.O.B. Sewell, N. J.; \$2.00, freight prepaid.
- Buckwheat, New Japanese.** A heavy cropper and less liable to blight than other sorts. The kernels are larger and the straw is stouter and heavier. Lb. 15 cts.; 10 lbs. 60 cts.; bus. (48 lbs.) \$2.25, delivered. Bus. \$1.75, F.O.B. Sewell, N. J.
- Oats, White Russian.** Sowed in spring, either for hay or for the grain. Bus. 90 cts., F.O.B. Sewell, N. J.; \$1.20, freight prepaid.
- Wheat, Leap's Prolific.** Sowed for the grain and also for cover-crop. Bus. (60 lbs.) \$1.15, F.O.B. Sewell, N. J.; \$1.75, freight prepaid.
- Wheat, Spring.** For spring sowing. Bus. (60 lbs.) \$1.50, F.O.B. Sewell, N. J.; \$2.00, freight prepaid.
- Rye, Winter Rosen.** Sowed for the grain and also as a cover-crop. Bus. (56 lbs.) \$1.00, F.O.B. Sewell, N. J.; \$1.50, freight prepaid.
- Rye, Spring.** For spring sowing. Bus. (56 lbs.) \$1.50, F.O.B. Sewell, N. J.; \$2.00, freight prepaid.
- Canada Field Peas.** Valuable in northern climates as a cattle-feed. Used for horse- and pig-feed when sown with oats. Bus. \$3.50, F.O.B. Sewell, N. J.; \$4.00, freight prepaid.
- Cowpea, Brown Whippoorwill.** Used as hay for cattle and for cover-crop. Bus. (60 lbs.) \$3.00, F.O.B. Sewell, N. J.; \$3.70, freight prepaid.
- Cowpea, Mixed.** For hay and cover-crop. Bus. (60 lbs.) \$2.75, F.O.B. Sewell, N. J.; \$3.45, freight prepaid.
- Rape, Dwarf Essex.** A quick-growing forage crop valuable for poultry or hogs, or may be used as a cover-crop. Used as a vegetable green and grown by market gardeners for that purpose. Lb. 12 cts.; 10 lbs. \$1.00; 100 lbs. \$9.00, delivered. 100 lbs. \$8.00, F.O.B. Sewell, N. J.
- Soy Bean, Black Wilson.** Being used on a larger scale each season for cover-crop. We recommend it as an excellent soil-builder. Widely used for hay and ensilage for feeding of cattle. Bus. (60 lbs.) \$1.25, F.O.B. Sewell, N. J.; \$1.85, freight prepaid.
- Vetch, Hairy.** Used as a cover-crop, it is very valuable as a soil-builder. Can be sowed with either crimson clover, rye, or wheat. September is the best month for sowing. Lb. 20 cts.; 10 lbs. \$1.50; 100 lbs. \$12.00, delivered. 100 lbs. \$11.00, F.O.B. Sewell, N. J.
- Vetch, Spring.** This variety is used for spring sowing for cover-crop. Lb. 15 cts.; 10 lbs. \$1.20; 100 lbs. \$9.00, delivered. 100 lbs. \$8.00, F.O.B. Sewell, N. J.

Border of Cannas

Canna

We have made a specialty the past few years of growing quite a quantity of the most popular large-flowering varieties of Cannas. We offer both the bulbs and the potted plants (potted in 3½-inch pots and ready during May, June, and July) at very attractive prices.

President. Large, brilliant scarlet blooms. Glossy green leaves. This is probably the most popular variety because of its excellent habit and brilliant shining color. Height 4 feet.

Yellow King Humbert. Large, golden yellow flowers, dotted with red spots. Leaves are light green. An old timer but scarcely to be surpassed by more modern varieties which have challenged its supremacy. Height 4½ feet.

Richard Wallace. Canary-yellow; large and showy flowers. Green foliage. Strong stems. Height 4½ feet.

Meteor. Bright red flowers. Glossy green leaves, similar to President. A good bedding variety. About 3 feet high.

Wyoming. Large spikes of orange flowers. Dark bronze leaves. One of the tallest varieties suitable for back rows or the center clumps of large plantings. Height 6 feet.

Golden Eagle. Golden yellow flowers. Green leaves. Makes a fine massed bed, of a brilliant shade effective in sunlight. Height 4 feet.

Gladiator. Yellow flowers, splashed with red. Light green leaves. The bizarre, oriental coloring is most attractive. Height 4 feet.

Cheerfulness. Beautiful light red flowers with orange centers and an orange edge. Green leaves. Height 4 feet.

Apricot. Light pink with buff-yellow base. Bright green leaves. Height 3½ feet.

Eureka. Creamy white flowers. Green leaves. This is the only really good white variety known. It is the rarest and most difficult color in Cannas. Height 4 feet.

Red King Humbert. Dark red flowers. Glossy deep brown leaves. Height 4 feet.

BULBS: 10 cts. each; 75 cts. per doz.; \$5.00 per 100; \$40.00 per 1,000, postage or express prepaid. 5 cts. each; 50 cts. per doz.; \$4.00 per 100; \$35.00 per 1,000, f.o.b. Sewell, N. J.

PLANTS: 15 cts. each; \$1.25 per doz.; \$10.00 per 100, postage prepaid. 10 cts. each; 75 cts. per doz.; \$6.00 per 100; \$50.00 per 1,000, f.o.b. Sewell, N. J.

Annual and Perennial Flower Seeds

Crego Aster

ABRONIA umbellata grandiflora. The pink Sand Verbena has large heads of rosy purple flowers. Makes a lovely carpet. Pkg. 5 cts.; $\frac{1}{4}$ oz. 15 cts.; oz. 50 cts.

AGERATUM, Blue Perfection. An annual with large heads of deep blue flowers on 1-foot plants. Pkg. 10 cts.; $\frac{1}{4}$ oz. 20 cts.; oz. 65 cts.

AGROSTEMMA Coeli-rosa. A fine border plant $1\frac{1}{2}$ feet tall, with lovely clear pink flowers. Pkg. 5 cts.; $\frac{1}{4}$ oz. 10 cts.; oz. 30 cts.

ALYSSUM, Carpet of Snow. Low, creeping annual; plant about 3 inches high, covered with heads of tiny, fragrant white flowers all summer. Much used for edging, window-boxes, etc. Pkg. 10 cts.; $\frac{1}{4}$ oz. 15 cts.; oz. 40 cts.

Saxatile, Basket of Gold. Perennial. Gray-green foliage and half-shrubby plants covered with a mass of bright yellow flowers in spring. Good for rock-garden. Pkg. 10 cts.; $\frac{1}{4}$ oz. 20 cts.; oz. 60 cts.

AMARANTHUS tricolor, Mixed. Large leaves of brilliant red, scarlet and yellow. An annual reaching 3 feet. Pkg. 10 cts.; $\frac{1}{4}$ oz. 20 cts.; oz. 50 cts.

ASTER, Giant Crego, Mixed. Beautiful, long-stemmed annual flowers of lacy form like Japanese Chrysanthemums. Shades of crimson, rose, violet, pale blue, pink, white, etc. This type is one of the most popular of the Annual Asters; the plants are strong and produce quantities of larger blooms 5 inches and over in diameter. Pkg. 10 cts.; $\frac{1}{4}$ oz. 15 cts.; oz. 50 cts.

Wilt-resistant Strain. The introduction of this strain has saved Asters for our gardens. You can again grow this glorious annual without fearing the terrible wilt disease. We list three colors of these, **Blue, Rose, and White.** Each, pkg. 10 cts.; $\frac{1}{4}$ oz. 30 cts.; oz. \$1.00.

Wilt-resistant Strain, Mixed. Pkg. 10 cts.; $\frac{1}{4}$ oz. 25 cts.; oz. 75 cts.

BALSAM, Mixed. Quick-growing, hot-weather annuals with brilliant, double, waxy flowers of curious shape all up the stems. Scarlet, crimson, pink, white, and many intermediate and variegated shades. Pkg. 10 cts.; $\frac{1}{4}$ oz. 15 cts.; oz. 40 cts.

BALSAM APPLE (Momordica). An attractive annual climbing vine with large yellow flowers and apple-shaped fruits. Pkg. 10 cts.; $\frac{1}{4}$ oz. 15 cts.; oz. 40 cts.

BLUE LACE FLOWER (Didiscus cæruleus). Annual. Plants $1\frac{1}{2}$ feet high, with lacy heads of azure-blue flowers. A fine cut-flower. Pkg. 10 cts.; $\frac{1}{4}$ oz. 25 cts.; oz. 75 cts.

CALENDULA, Orange King. Very popular annual cut-flowers. Big, circular blooms of many vivid orange-yellow petals, on long stems. Pkg. 10 cts.; $\frac{1}{4}$ oz. 15 cts.; oz. 40 cts.

CALLIOPSIS, Mixed. Graceful annual plants blooming all summer, with lovely daisy-like flowers of red, orange, and gold. Pkg. 10 cts.; $\frac{1}{4}$ oz. 20 cts.; oz. 50 cts.

CANTERBURY BELL (Campanula Medium), Single, Mixed. Biennial. Large, bell-shaped; white. Pkg. 10 cts.; $\frac{1}{4}$ oz. 15 cts.; oz. 50 cts.

CARDINAL CLIMBER (Ipomæa Quamoclit). An annual climber with fern-like foliage covered with a blaze of cardinal-red flowers in late summer and fall. Pkg. 10c.; $\frac{1}{4}$ oz. 20c.; oz. 50c.

CANDYTUFT (Iberis), White Hyacinth. An annual with immense spikes of pure white flowers. Pkg. 10 cts.; $\frac{1}{4}$ oz. 20 cts.; oz. 50 cts.

Mixed. Pretty cutting annual about a foot high with spikes of flowers of various shades of pink, white, red, and purple. Blooms quickly from seed in early summer. Pkg. 10 cts.; $\frac{1}{4}$ oz. 20 cts.; oz. 50c.

Calendulas

CARNATION, Garden, Red. Biennial. Bright scarlet flowers. Blooms for a long time. Pkg. 10 cts.; $\frac{1}{4}$ oz. 60 cts.; oz. \$1.75.

Marguerite Mixed. Beautiful double flowers of various colors with spicy fragrance. A perennial that blooms from July until frost. Pkg. 10 cts.; $\frac{1}{4}$ oz. 35 cts.; oz. \$1.00.

CELOSIA (Cockscomb) plumosa, Dwarf Red. An annual with almost everlasting, curious flowers for garden decoration or cutting. Pkg. 10 cts.; $\frac{1}{4}$ oz. 35 cts.; oz. \$1.00.

Plumosa, Mixed (Feathered Cockscomb). An annual plant with large willowy plumes of brilliant colors. Pkg. 10 cts.; $\frac{1}{4}$ oz. 20 cts.; oz. 50 cts.

Fire King. Tall-growing annual variety, producing large, fiery red combs. Brilliant and very showy sort. Pkg. 10 cts.; $\frac{1}{4}$ oz. 35 cts.; oz. \$1.00.

Flame of Fire. A new pyramidal type $1\frac{1}{2}$ feet tall, each branch topped with a large head of fiery red blooms in the fall. Pkg. 10 cts.; $\frac{1}{8}$ oz. 30 cts.; $\frac{1}{4}$ oz. 50 cts.

CHINESE WOOLFLOWER (*Celosia Childsii*). Annual. Globular flowers like balls of silky wool in shades of red. Pkg. 10 cts.; $\frac{1}{4}$ oz. 20 cts.; oz. 60 cts.

CENTAUREA, Blue (Bachelor's Button). Annual. The lovely Cornflower with rich blue flowers. Excellent for cutting. Pkg. 10 cts.; $\frac{1}{4}$ oz. 15 cts.; oz. 50 cts.

Cyanus, Mixed (Cornflower; Bachelor's Button). Popular annual for cut-flowers and buttonholes. Blue, pink, red, white, etc. Pkg. 10 cts.; $\frac{1}{4}$ oz. 20 cts.; oz. 50 cts.

CHINESE LANTERN (*Physalis Francheti*). Bushy perennial plants with orange-scarlet, lantern-like fruits. Dry for winter bouquets. Pkg. 10 cts.; $\frac{1}{4}$ oz. 20 cts.; oz. 50 cts.

CHRYSANTHEMUM carinatum, Single, Mixed. Annual. Daisy-like flowers with colored ray flowers and another colored ring at base of petals. Pkg. 10 cts.; $\frac{1}{4}$ oz. 15 cts.; oz. 50 cts.

Coronarium, Double, Mixed. Annual. The Crown Daisy with yellow or whitish flowers. Pkg. 10 cts.; $\frac{1}{4}$ oz. 15 cts.; oz. 50 cts.

CLARKIA elegans, Mixed. Annual. Brightly colored double flowers on 2- to $2\frac{1}{2}$ -foot plants. Pkg. 10 cts.; $\frac{1}{4}$ oz. 20 cts.; oz. 50 cts.

COLUMBINE (*Aquilegia*), **Long-spurred Hybrids, Mixed.** Perennial. Lovely flowers for the garden or for cutting. Pkg. 10 cts.; $\frac{1}{4}$ oz. 50 cts.; oz. \$1.50.

COREOPSIS lanceolata grandiflora. Indispensable for yellow color in the garden and long-stemmed bright yellow flowers for cutting. Pkg. 10 cts.; $\frac{1}{4}$ oz. 20 cts.; oz. 50 cts.

COSMOS, Orange Flare. Annual. Branching plants about 4 feet high with rich orange flowers. Blooms from July until frost. Pkg. 10 cts.; $\frac{1}{4}$ oz. 25 cts.; oz. 75 cts.

Mammoth Late Mixed. Tall annual plants with handsome feathery foliage, and long-stemmed flowers of pink, white, and crimson. Much used for cutting.

Pkg. 10 cts.; $\frac{1}{4}$ oz. 15 cts.; oz. 40 cts.

Early Mammoth, Mixed. Blooms in August and early September. Pkg. 10 cts.; $\frac{1}{4}$ oz. 15 cts.; oz. 40 cts.

CYPRESS VINE (*Ipomœa Quamoclit*). An annual climber with star-shaped scarlet flowers. Soak seed in warm water. Pkg. 10 cts.; $\frac{1}{4}$ oz. 20 cts.; oz. 65 cts.

DAHLIA, Single. Lovely single flowers in various colors on compact, dwarf plants. Should be started early indoors and set outdoors as soon as the ground is warm. Pkg. 10 cts.; $\frac{1}{4}$ oz. 20 cts.; oz. 50 cts.

DATURA, Double, Mixed. A double form of the Angel's Trumpet. Easily grown from seed. Comes in a nice assortment of colors. Pkg. 5 cts.; $\frac{1}{4}$ oz. 20 cts.; oz. 50 cts.

DIANTHUS, Double, Mixed. Beautiful, fragrant annual Garden Pinks. Pkg. 10 cts.; $\frac{1}{4}$ oz. 20 cts.; oz. 50 cts.

Cosmos, Orange Flare

Largest Growers and Shippers of Vegetable Plants in New Jersey

DELPHINIUM. One of the finest perennial plants for the border.

Belladonna. Graceful spikes of sky-blue flowers for cutting. Pkg. 10 cts.; $\frac{1}{4}$ oz. 60 cts.; oz. \$2.00.

Bellamosum. A rich deep blue form of Belladonna. Pkg. 10 cts.; $\frac{1}{4}$ oz. 60 cts.; oz. \$2.00.

Cliveden Beauty. An improved Belladonna. Pkg. 20 cts.; $\frac{1}{4}$ oz. 60 cts.; oz. \$2.00.

Hollyhock Strain. Immense, tapering spikes of large flowers. Pkg. 20 cts.; $\frac{1}{4}$ oz. 75 cts.; oz. \$3.00.

King of Delphiniums. Deep blue, white eye. Pkg. 20 cts.; $\frac{1}{4}$ oz. 60 cts.; oz. \$2.00.

Hybrids, Mixed. Various shades of a splendid strain. Pkg. 10 cts.; $\frac{1}{4}$ oz. 50 cts.; oz. \$1.50.

ENGLISH DAISY (*Bellis perennis*). Biennial. Excellent edging and bedding plants with large, double flowers in pink and white shades. Pkg. 10c.; $\frac{1}{4}$ oz. 30 cts.; oz. 90 cts.

ESCHSCHOLTZIA aurantiaca, Orange King. A selected form of the true California Poppy, with lovely rich orange flowers. Pkg. 10 cts.; $\frac{1}{4}$ oz. 20 cts.; oz. 50 cts.

Delphinium (Larkspur)

Eschscholtzia

FLAX, Scarlet (*Linum grandiflorum rubrum*). Showy scarlet annual that blooms all summer. Pkg. 5 cts.; $\frac{1}{4}$ oz. 20 cts.; oz. 50 cts.

Roses for the Garden

Hybrid Teas

The Hybrid Tea class embraces the most beautiful varieties of all Roses. They bloom from early June until October. We offer this select list of varieties because of outstanding beauty and because of their ability to withstand the cold winters. These are two-year-old, strong, field-grown No. 1 plants in 5- and 6-inch pots. They bloom the first year. These varieties are noted for their gorgeous colors and long-pointed buds on strong stems.

We suggest, before the ground freezes in the fall, that you hill the soil around the stem as high as possible and cover with a light litter for winter protection.

American Beauty. Large, carmine-pink flowers of unforgettable fragrance. Nice to cut.

Ami Quinard. Semi-double, deliciously fragrant blooms of velvety blackish red.

Autumn. Burnt-orange, streaked with red.

Betty Uprichard. Salmon-pink, reverse coppery carmine.

Briarcliff. Deep pink, fragrant.

Charles K. Douglas. Large blooms of scarlet-crimson.

Columbia. Pink; fragrant. A cut-flower.

Edel. Large; very double; pure white.

E. G. Hill. Dark red; double; fragrant.

Etoile de France. Double red flowers.

Etoile de Hollande. The world's favorite red Rose. Sweet flowers of rich crimson.

Francis Scott Key. A large, very double red Rose of wonderful form.

Frau Karl Druschki. Large flowers of snowy white.

Golden Dawn. Large blooms of pale straw-yellow; fragrant. Low, bushy plant.

Gruss an Teplitz. Fragrant blooms of light red. Big, bushy plants.

Hadley. Intensely fragrant crimson flowers.

Hinrich Gaede. Orange-yellow, flushed nasturtium-red.

Imperial Potentate. Rose-pink. Fine form.

Joanna Hill. Shapely flowers of creamy yellow.

Kaiserin Auguste Viktoria. The perfect white Rose.

Killarney. Large pink flowers with distinct perfume.

Killarney Brilliant. Darker pink Killarney.

Killarney, White. A pure white Killarney.

Lady Hillingdon. Buff-yellow blooms; tea fragrance.

Los Angeles. Coral-pink and gold; fragrant.

McGredy's Scarlet. Bright red. Strong plants, bloom freely all season. A fine Rose.

Rose, Betty Uprichard

Mme. Butterfly. Pink, suffused gold. Nice buds for cutting. Healthy plants.

Mme. Jules Bouche. Shapely white flowers, tinted pink at center. Splendid white Rose.

Mrs. Charles Bell. The shell-pink Radiance.

Ophelia. Pale pink flowers of fine form.

Paul Neyron. Double blooms of rose-pink. One of the largest Roses grown.

President Herbert Hoover. Soft creamy yellow, marked scarlet. Vigorous plants.

Radiance. The world's standard pink Rose; delightful fragrance. Extra-fine plants.

Red Radiance. A fine red sport of Radiance.

Souv. de Claudius Pernet. Large pure yellow blooms.

Sunburst. A favorite yellow Rose.

Climbing Roses

Climbing Roses can be used in every flower-garden. They are used for arbors, fences, terraces, and, in fact, a place can be found for them in any garden. The varieties that we offer are hardy, fragrant, quick-growing, and permanent.

Paul's Scarlet Climber. A strong grower with brilliant scarlet-red flowers in profusion.

Climbing American Beauty. Large blooms of deep rose-pink.

Skybank. Large blooms of pure yellow.

Silver Moon. Large silvery white flowers with attractive yellow centers.

Dr. W. Van Fleet. Perfectly formed flowers of pale pink. Fine plant.

Sunburst. A good yielder of golden yellow blooms.

Price delivered, expressage or postage prepaid, plants out of pots, packed in moss, 60 cts. each; 4 for \$2.10; 8 for \$4.00; 12 for \$5.75.

At our store, 50 cts. each; 3 for \$1.25; 6 for \$2.25; 12 for \$4.00.
